(collectively, the "Patent Rights").

The above-granted rights, titles, and interests are to be held and enjoyed by Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

As part of the foregoing:

Assignor hereby represents to Assignee, its successors, legal representatives, and assigns, that at the time of execution and delivery of these presents, Assignor is the exclusive and lawful owner of the entire right, title, and interest in and to the Inventions, that the Inventions are unencumbered, except, if applicable, by obligation to assign in accordance with any prior agreement with Assignee, and that Assignor has good and full right and lawful authority to sell and convey the same in the manner set forth herein.
