## ASSIGNMENT

WHEREAS, Patrick Manley, an individual, has invented a sputtering cathode assembly and has made and is applying for Letters Patent herein.

NOW, THEREFORE, for good and valuable consideration, receipt of which is acknowledged, Patrick Manley has agreed to assign and transfer and does hereby assign and transfer unto Mustang Vacuum Systems, LLC, a Florida corporation, having an address of 780 Apex Road, Sarasota, Florida 34240, and its successors and assigns, the entire right, title and interest in and to said invention and application, and in and to any division, continuation or continuation-in-part of said application, and in and to any and all letters patent and reissues and extensions thereof by the United States of America and countries foreign thereto (including the right to apply for letters patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise) which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they would have been by the inventor had this assignment and transfer not been made.

I do further agree to execute and deliver without further consideration any further application(s), assignments and/or documents, and to perform such other acts as I lawfully may that may be deemed necessary by Mustang Vacuum Systems, LLC, its successors, assigns and nominees, to fully secure its interest as set forth above and to assist Mustang Vacuum Systems, LLC in its efforts to obtain and/or maintain letters patent in any and all countries throughout the world;

IN WITNESS WHEREOF, I have hereunto signed my name on the day and year set forth below.

  
Patrick Manley, co-inventor

STATE OF COLORADO  
COUNTY OF Boulder

On this 8<sup>th</sup> day of March, 2005, before me personally appeared the above named Patrick Manley, personally known to me, and known by me to be the person described in and who executed the foregoing assignment.
