(hereinafter referred to as "Assignors") do hereby sell, transfer, set over and assign unto :

ASSIGNEE: Harris Corporation

Assignee Address: 1025 West NASA Boulevard  
Melbourne, Florida 32919  
United States of America

and Assignee's successors, assigns, nominees, or other legal representatives, all of my entire right, title and interest, in all countries throughout the world, including the rights to claim convention priority, in and to the following application(s), and any and all inventions disclosed in U.S. Application entitled, "**STACKED STRIPLINE CIRCUITS**," the declaration of which was signed on the same date as this Assignment;

and by any other patent application filed on said inventions, whether or not claiming priority thereon, and any continuation, continuation in part, division, renewal, or substitute thereof, and as to letters patent and any reissue or re-examination thereof, and request all officials of any country or countries whose duty it is to issue letters patent to issue said letters patent in the name of Assignee;

Assignors hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.

Assignors agree to promptly provide Assignee, at its request, with all pertinent facts and documents relating to said invention and said application and all other patent applications to be filed thereon, and any letters patent issuing thereon, as may be known or accessible, and will testify, at Assignee's expense, as to the same in any interference, litigation or proceeding related thereto.

Assignors also agree to promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said invention, said application, and any other patent application filed on said invention, whether or not claiming priority thereon, and any letters patent issuing thereon, and any continuation, division, renewal, or substitute thereof, and as to letters patent any reissue or re-examination thereof, which may be necessary or desirable to carry out the purposes thereof.
