## **EXHIBIT B**

### **FORM OF PATENT ASSIGNMENT ASSIGNMENT OF WORLDWIDE PATENTS AND PATENT APPLICATIONS**

For good and valuable consideration, the receipt of which is hereby acknowledged, **Charles H. Cella** of 34 Old West Elm Street, Pembroke, MA 02359-1708, **Edward J. Kelly** of 5 Sessions Street, Wellesley, MA 02482-6033 and **Matthew P. Vincent** of 5 Davis Lane, Georgetown, MA 01833, (together, the "Assignors"), hereby sells, assigns and transfers to **The Ticket Reserve, Inc.**, a corporation formed under the laws of the state of Illinois, having a place of business at 510 Lake Cook Rd., Suite 400, Deerfield, IL 60015, assignee herein, its successors, assigns, and legal representatives, the full and exclusive right, title and interest it has in and to the patent applications set forth in the attached Exhibit A (consisting of one page setting forth two pending patent applications) and Exhibit B (consisting of one page setting forth one pending PCT patent application) as well as all its right, title and interest in and to any and all inventions described in such patents and patent applications for the United States, its territorial possessions and all foreign countries; and in and to any and all continuations-in-part, continuations, divisions, substitutes, reissues, extensions thereof, and all other applications for all patents relating thereto which have been or shall be filed in the United States, its territorial possessions and/or any foreign countries, and all rights, together with all priority rights, under any of the international conventions, unions, agreements, acts, and treaties, including all future conventions, unions, agreements, acts, and treaties; and all rights to recover and retain damages for infringement, including past infringement, if any, of any patent or patents based upon or corresponding to the patents.

Each of the Assignors hereby agrees to sign all necessary papers and do all lawful acts reasonably requisite in connection with the prosecution, assignment, enforcement and disclaimer of each and every patent application based upon the patents, without further compensation, but at the expense of the assignee or its successors and assigns; and agrees that, upon reasonable request it will, at any time without charging a fee to assignee but at assignee's expense for any reasonable costs incurred, furnish all necessary documentation relating to or supporting chain of title and to confirm assignee's ownership of all right, title, and interest in and to the patents, provide testimony at any time in connection with any proceedings affecting the right, title, interest or benefit of assignee in, to or under the patents and sign and deliver all papers, take all rightful oaths, and do all acts which may be reasonably necessary for vesting title to the patents in assignee, its successors, assigns and legal representatives or nominees; and in the event it fails to execute such documentation after a reasonable amount of notification and time, hereby appoints assignee with full and complete authority and power of attorney to act in its stead solely to execute and record as its attorney-in-fact such transfer documentation.

Each of the Assignors certifies that it is the assignee of record of the entire right, title and interest in the patent applications of Exhibit A and Exhibit B by virtue that the Assignors are the original named inventors set forth in such patent applications.
