REVISED ASSIGNMENT

THIS REVISED ASSIGNMENT is entered into by and between Dennis Corbin of Yukon, Oklahoma and Scott Corbin of Waco, Texas (collectively "ASSIGNORS") and MicroGold, Inc., a Kansas Corporation, having an address of 500 N. Main, South Hutchinson, Kansas 67505 ("ASSIGNEE").

WHEREAS, ASSIGNORS are co-inventors in the Invention disclosed and claimed in United States Patent No. 5,110,614, issued May 5, 1992, and entitled PROCESS OF MAKING A MICROWAVEABLE BAKERY PRODUCT ("the '614 Patent");

WHEREAS, this REVISED ASSIGNMENT is being filed because ASSIGNEES previously executed an assignment covering the Invention and the '614 Patent, which was recorded in the U.S. Patent and Trademark Office at Reel No. 005223 and Frame No. 0158 ("the Original Assignment");

WHEREAS, the Original Assignment inadvertently transferred rights to MICROGOLD, an Oklahoma corporation, which is the incorrect corporate name and state of incorporation for ASSIGNEE;

WHEREAS, ASSIGNORS intended to assign the Invention and the '614 Patent to ASSIGNEE; and

WHEREAS, ASSIGNORS and ASSIGNEE wish to affirm and acknowledge the intended assignment of the Invention and the '614 Patent to ASSIGNEE.

NOW, THEREFORE, to all whom it may concern be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNORS and ASSIGNEE agree as follows:

ASSIGNORS have sold, assigned and transferred, and by these presents do sell, assign and transfer unto ASSIGNEE the full and exclusive right, title and interest, throughout the world, in, to and under the following:

- (a) the Invention;
- (b) the '614 Patent, together with the right to sue for and collect damages by reason of past infringement of the '614 Patent;
- (c) any and all reissues of said patent;
- (d) any and all applications for Patent on said Invention which have heretofore been filed or may hereafter be filed in any and all countries foreign to the United States of America, together with all rights to file and to claim priority in connection with said foreign-filed applications;
- (e) any and all refilings, divisions and continuations of said foreign-filed applications;
- (f) any and all Patents of countries foreign to the United States of America which may issue from the said foreign-filed applications, refilings, divisions and continuations; and
- (g) any and all extensions of, and additions to, said Patents of countries foreign to the United States of America.

ALL of the above shall be held and enjoyed by ASSIGNEE for its own use and behoof, and for its successors, legal representatives and assigns, to the full end of the term of the '614 Patent, and ASSIGNORS do hereby authorize and request the Commissioner of Patents and Trademarks to issue any reissues of the '614 Patent in accordance with this REVISED ASSIGNMENT.
