**ASSIGNMENT**

**WHEREAS, I, the undersigned inventor (or one of the undersigned joint inventors), of residence as listed, having invented certain new and useful improvements as below entitled, for which application for United States Design Patent is made, said application having been executed on the date set forth below; and**

**WHEREAS, CFPH, LLC (hereinafter referred to as "Assignee"), a Delaware limited liability company, with an address of 135 E. 57th Street, New York, New York 10022, desires to acquire my entire right, title and interest in and to the invention, and in and to the said application and any Design Patent that may issue thereon;**

**NOW, THEREFORE, for and in consideration of One United States Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I assign to Assignee all right, title and interest in and to said invention and in and to said application and all design patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and I hereby authorize and request the Commissioner of Patents and Trademarks to issue all design patents for said invention, insofar as our interest is concerned, to Assignee.**

**I also assign to Assignee, all right, title and interest to the invention disclosed in said application throughout the world, including the right to file applications and obtain design patents, industrial models and designs for said invention in its own name throughout the world, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I further agree to execute reasonable powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.**

**At the expense of Assignee, I will testify in any reasonable legal proceedings, sign all reasonable lawful papers, execute all reasonable divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do whatever is reasonable to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.**

**This Assignment shall be binding on the parties' successors, assigns and legal representatives.**
