ASSIGNMENT

In consideration of One Dollar (\$1.00), and other good and valuable consideration, including such remuneration as provided for by the University of Utah's patent policy 6-4 regarding sharing of revenues from licensing, the receipt of which is hereby acknowledged, we, the undersigned, AI-PING WEI, and JAMES N. HERRON ("ASSIGNOR"),

Hereby sell, assign and transfer to the University of Utah ("ASSIGNEE"), a non-profit organization existing under the laws of the State of Utah, its successors, assigns and legal representatives, the entire right, title and interest for the United States and all foreign countries, including priority rights in and to any and all improvements which are disclosed in the application for the United States Letters Patent, Serial No. 08/484,563, filed on June 7, 1995 and entitled,

ASSAY PROCEDURE USING FLUOROGENIC TRACERS

and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements;

Agree that said ASSIGNEE may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenants with said ASSIGNEE, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and
