ASSIGNMENT

IN CONSIDERATION of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **Glycon Technologies, L.L.C.**, an Iowa limited liability company (“Assignor”), does hereby assign, transfer and set over unto **BiOva, L.L.C.**, an Iowa limited liability company, having an address of 5800 Merle Hay Road, Johnston, Iowa 50131 (“Assignee”), its successors and assigns, all of its right, title and interest in and to (i) the inventions or improvements of the Assignor set forth on the Schedule of Patent Applications attached hereto and made a part hereof, (ii) any and all other applications for United States Letters Patent which Assignor may file, either solely or jointly with others, on said inventions or improvements, and (iii) all Letters Patent and any reissues or extensions thereof pertaining to said inventions or improvements.

Assignor does hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the Assignee, **BiOva, L.L.C.**, an Iowa limited liability company.

The Assignor agrees, upon the request and at the expense of Assignee, to execute any and all divisional, continuation and substitute applications for said inventions or improvements, any necessary oath or affidavits relating thereto, and any applications for the reissue or extension of any Letters Patent that may be granted on said applications.

Assignor agrees to perform, upon request, any and all affirmative acts to obtain said Letters Patent of the United States vesting all rights therein in Assignee whereby said Letters Patent will be held and enjoyed by Assignee to the full end of the term for which said Letters Patent may be granted.

In the event that any applications or Letters Patent assigned hereunder become involved in claims of interference, Assignor agrees to cooperate, to the best of its ability, in matters of preparing and executing the preliminary statement and producing evidence in support thereof.

Assignor further assigns, transfers and sets over unto Assignee all of its right, title and interest in and to said inventions and improvements for any and all foreign countries and agrees, upon request, to execute all documents that the Assignor may be requested to execute in connection with any applications for foreign Letters Patent, including the prosecution thereof, and to execute such other documents as may be necessary to vest title in said foreign applications and Letters Patent in Assignee.

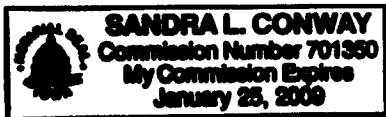

This instrument pertains only to those improvements and inventions set forth on the Schedule of Patent Applications attached hereto.
