ASSIGNMENT

For valuable consideration, GPS Tracks, LLC, a Delaware limited liability company having a place of business at 500 North Broadway, Suite 225, Jericho, New York 11753 (the "Assignor"), hereby assigns to Pfizer, Inc., a Delaware corporation having a place of business at 235 East 42nd Street, New York, New York 10017, and its successors and assigns (collectively hereinafter called "the Assignee"), any and all rights, title and interest that Assignor may possess throughout the world in the inventions and improvements which are the subject of United States Patent signed by me, entitled "Mobile Object Locator," issued February 22, 2005, and assigned U.S. Patent Number 6,859,171 B2 (U.S. Serial Number 10/361,802); this assignment including said United States Patent, continuations, divisionals, continuations-in-part, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, including reissue patents and reexamination patents, and the right to claim priority based on the filing date of said United States Patent under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and the Assignor authorizes the Assignee to apply in all countries in the Assignor's name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and Assignor agrees for itself and its respective legal representatives and assigns, without further compensation, to perform such lawful acts and to sign such further applications, declarations, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment. Assignor hereby further represents and warrants to the Assignee that no existing rights in the inventions and improvements which are the subject of such United States Patent have been granted to any third party that would limit the assignment contained herein.
