ASSIGNMENT OF PATENT PROPERTIES

This Assignment of Patent Properties is made as of the 15th day of November, 2005, by Schreiber Corporation, Inc., an Alabama corporation (the "Assignor") in favor of Schreiber LLC, an Alabama limited liability company ("Assignee").

RECITALS

WHEREAS, Assignor, having a business address at 100 Schreiber Drive, Trussville, Alabama 35173, is the lawful owner of the patents and patent applications as specifically set forth on **Schedule A** which is attached hereto and hereby incorporated by reference (collectively the "Patent Properties"); and

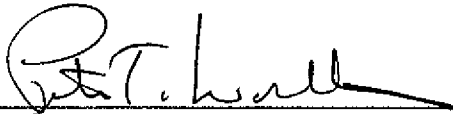

WHEREAS, Assignee having a business address at 100 Schreiber Drive, Trussville, Alabama 35173, desires to acquire the entire right, title and interest in and to the Patent Properties;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer, set over and deliver to Assignee, for its own use and enjoyment and for the use and enjoyment of its successors and assigns, the Assignor's entire worldwide right, title and interest in and to the Patent Properties, and any patents or patent applications pending or filed in the United States or a foreign jurisdiction claiming priority to or benefit of one or more of the Patent Properties but which are not listed on Schedule A, as well as any continuations, continuations-in-part, divisional, any foreign counterparts thereof and all patents issuing on any of the foregoing, and any foreign counterparts thereof, together with all registrations, reissues, re-examinations, supplemental protection certificates, or extensions thereof, and any foreign counterparts thereof. Assignor further assigns all income, royalties, damages and payments which are due and payable or which may hereafter become due or payable in respect thereof, and in and to all causes of action, either at law or in equity, and the right to sue, counterclaim and recover for past, present and future infringement, or other unauthorized use or impairment of the rights assigned to Assignee under this Assignment of Patent Properties. Assignor agrees with Assignee to execute and deliver such other and further instruments and take such other and further actions as may be reasonably necessary or appropriate to transfer the Patent Properties, claims for damages by reason of past infringement and other unauthorized use and right to sue and collect therefore to Assignee.

The Commissioner of Patents and Trademarks, and the regulatory authority for any individual State and foreign country, is requested to make the proper notation of the foregoing assignment on the patent records of the United States of America and of such State and foreign country.

IN WITNESS WHEREOF, Assignor has executed this Assignment of Patent Properties on the 15th day of November, 2005.
