ASSIGNMENT

WHEREAS, I, Jianhong Wang, a citizen of China, Wenming Yang, a citizen of Singapore, and Alfred E. Barry, Jr., a citizen of the United States of America, have invented certain new and useful improvements in a "ANTI-TORQUE LOAD CAPTIVE BEARINGS" for which we are about to make application for United States Letters Patent; and

WHEREAS, *CENTRAL INDUSTRIAL SUPPLY COMPANY*, a corporation of the State of Texas, which has a business address of 2357 W. Jefferson, Grand Prairie, TX 75051, (hereinafter referred to as "Assignee"), is desirous of acquiring my entire right, title and interest in and to the invention, and in and to said application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for and in good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, to all provisional rights arising from pre-issuance publication of said application, and to all divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof; and I hereby authorize and request the Director of the United States Patent and Trademark Office to issue all patents for said invention, or patents resulting therefrom, insofar as my interest is concerned, to said Assignee of my entire right, title and interest.

I also hereby sell and assign to said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries, all foreign rights arising from pre-grant publication of said application; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee, its successors, assigns and legal representatives.

I hereby further agree that I will communicate to said Assignee, or to its successors, assigns and legal representatives, any facts known to me respecting any improvements, and, at the expense of said Assignee, to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make all lawful oaths, and generally do everything possible to vest title in said Assignee and to aid said Assignee, its successors, assigns and legal representatives to obtain and enforce proper protection for said invention in all countries.
