ASSIGNMENT

WHEREAS, the undersigned Inventor Gary A. Lamoureux (hereinafter termed "Assignor"), a resident of Woodbury, Connecticut, has invented certain new and useful improvements in:

DELIVERY SYSTEM AND METHOD FOR INTERSTITIAL RADIATION THERAPY USING CUSTOM END SPACING

and has executed a declaration or oath for an application for a United States patent disclosing and identifying the invention, said invention having been filed on November 15, 2005, as U.S. Patent Application No. 11/274,424, and claiming priority to U.S. Application No. 10/619,928, filed July 15, 2003, which application claims priority to U.S. Provisional Application No. 60/469,940, filed May 13, 2003.

WHEREAS WORLD WIDE MEDICAL TECHNOLOGIES, LLC, (hereinafter termed "Assignee"), a Connecticut corporation having a place of business at 115 Hurley Road, Building 3, Oxford, Connecticut 06478, wishes to acquire Assignor's entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered by Assignor (all collectively hereinafter termed "said invention"), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied for or granted in the United States and/or other countries.

NOW THEREFORE, for good and valuable consideration acknowledged by Assignor to have been received in full from said Assignee:

1. Assignor does hereby sell, assign, transfer and convey to said Assignee, Inventor's entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply in any or all countries of the world for patents, certificates of inventions or other governmental grants on said invention, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States or any other country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Assignor does hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by Assignor shall include prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing

proceedings, infringement actions and court actions; provided, however, that the expense incurred by Assignor in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, Assignor's respective heirs, legal representatives and assigns.

4. Assignor does hereby warrant and represent that he/she has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, the Assignor has executed this instrument on the date as given below and delivered this instrument to said Assignee:

ASSIGNMENT

WHEREAS, the undersigned Inventor Richard A. Terwilliger (hereinafter termed "Assignor"), a resident of Venice, California, has invented certain new and useful improvements in:

DELIVERY SYSTEM AND METHOD FOR INTERSTITIAL RADIATION THERAPY USING CUSTOM END SPACING

and has executed a declaration or oath for an application for a United States patent disclosing and identifying the invention, said invention being filed herewith and claiming priority to U.S. Application No. 10/619,928, filed July 15, 2003, which application claims priority to U.S. Provisional Application No. 60/469,940, filed May 13, 2003.

WHEREAS IDEAMATIX, INC., (hereinafter termed "Assignee"), a Colorado corporation having a place of business at P.O. Box 2777, Estes Park, Colorado 80517, wishes to acquire Assignor's entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered by Assignor (all collectively hereinafter termed "said invention"), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied for or granted in the United States and/or other countries.

NOW THEREFORE, for good and valuable consideration acknowledged by Assignor to have been received in full from said Assignee:

1. Assignor does hereby sell, assign, transfer and convey to said Assignee, Inventor's entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply in any or all countries of the world for patents, certificates of inventions or other governmental grants on said invention, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States or any other country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Assignor does hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by Assignor shall include prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions and court actions; provided, however, that the expense incurred by Assignor in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, Assignor's respective heirs, legal representatives and assigns.

4. Assignor does hereby warrant and represent that he/she has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, the Assignor has executed this instrument on the date as given below and delivered this instrument to said Assignee:
