METHOD FOR DETECTING AN OFFSET DRIFT IN A WHEATSTONE MEASURING BRIDGE

for which we have made application for Letters Patent of the United States of America; and

WHEREAS, Fraunhofer-Gesellschaft zur Förderung der angewandten Forschung e.V., a corporation of the Country of Germany, having its principal place of business at Hansastraße 27c, 80686 Munich, Germany, and Intelligente Sensorsysteme Dresden GmbH, a corporation of the country of Germany, having its principal place of business at Zur Wetterwarte 50, Dresden, Germany 01109 desire to acquire the right, title, and interest in and to said invention;

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable considerations, to be in hand paid, the receipt and sufficiency whereof are hereby acknowledged, we have sold, assigned and set over unto Fraunhofer-Gesellschaft zur Förderung der angewandten Forschung e.V. sixty (60%) percent and unto Intelligente Sensorsysteme Dresden GmbH forty (40%) of the entire right, title and interest in the United States of America and all foreign countries in and to our interest in said invention, said application and the Letters Patent, both foreign and domestic, that may or shall issue thereon; and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to the above-mentioned assignees in agreement with the terms of this assignment; it being understood that the foregoing assignment shall bind and inure to the benefit of the assigns and legal representatives of both parties.

FOR SAID CONSIDERATIONS, we hereby covenant and agree that we are the owners of the full title herein assigned and have the right to assign the same, and agree that we will communicate to said corporations or their representatives, any facts known to us respecting said invention or inventions and testify in any legal proceedings relating thereto when called upon, and will sign all instruments and documents and render such assistance which in the judgment of said corporations is necessary to vest in it and protect the legal title sought to be assigned.

We authorize and empower the assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for the inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.
