ASSIGNMENT

WHEREAS, we, *Brent R. Zitting* and *Charles William Daley*, the undersigned inventors, of residences as listed, having invented certain new and useful improvements as below entitled, for which application for United States Letters Patent is made, claiming priority to U.S. Provisional Application Serial No. 60/694,894 filed June 28, 2005, said application having been executed on the date set forth below; and

WHEREAS, *International Broadband Electric Communications, Inc.*, an Alabama Corporation, with an address of *285 Dunlop Boulevard, Suite K, Huntsville, AL 35824*, and *Cooper Technologies Company*, a Delaware corporation having a principal place of business at *600 Travis, Suite 5800, Houston, Texas 77002* (hereinafter referred to as "Assignees") desire to acquire and jointly own our entire right, title and interest in and to the invention, and in and to the said application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we assign to Assignees, all right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and we hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as our interest is concerned, to Assignees.

We also assign to Assignees, all right, title and interest to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and we further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignees.

We will communicate to Assignees any facts known to us respecting any improvements; and, at the expense of Assignees, we will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignees and to aid Assignees to obtain and enforce proper protection for said invention in all countries.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
