**ASSIGNMENT**

WHEREAS, J.E. Morgan Incorporated, d/b/a Morgan Engineering Company, an Illinois company, having a place of business at 2230 Wisconsin Avenue, Downers Grove, Illinois 60515 ("Assignor"), is the owner of the certain right, title, and interest in and to inventions or improvements in:

Title: **"UNIVERSAL REFRIGERATION VALVE"**

Application Execution Date: June 6, 2006 Filing Date: June 8, 2006

Application No.: 11/423,050

WHEREAS, Charles C. Hansen, III, an individual, having a post office address of 516 W. North Avenue, Hinsdale, Illinois 60521, ("Assignee"), is desirous of acquiring Assignor's right, title and interest in and to said inventions and improvements, to the application above-identified, and in, to and under Letters Patent which may be obtained for said inventions and improvements, and to other applications or patents covering said inventions and improvements, as hereinafter more fully set forth;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that, for valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignor, Assignor has sold, assigned, and transferred, and by these presents does sell, assign, and transfer unto Assignee, Assignor's right, title and interest for the United States in and to the inventions and improvements and application hereinabove identified, and in and to any and all non-provisional, divisional, continuation, continuation-in-part, reissue or reexamination applications, and in and to any Letters Patent of the United

States that may issue (or reissue) for said inventions and improvements on any one or more of said applications, together with Assignor's right, title and interest in and to said invention and related or counterpart applications for Letters Patent and Letters Patent therefor in all countries foreign to the United States, including the right to claim priority under the International Convention for the Protection of Industrial Property and other agreements and treaties of like purpose; to have and to hold for the sole and exclusive use and benefit of Assignee, his successors and assigns, to the full end of the term or terms for which any and all of said Letters Patent for said inventions and improvements may issue.

Assignor does hereby covenant and agree, for itself and its legal representatives, that it will assist Assignee in the prosecution of any of the applications herein referred to; in the making and prosecution of any other applications for Letters Patent that Assignee may elect to make covering the invention herein referred to, including any non-provisional, divisional, continuation, or continuation-in-part application; or any application to reexamine or reissue any patent referred to herein; in vesting in Assignee exclusive title in and to all applications and Letters Patent referred to herein; and in the prosecution of any interference, infringement or other action which may arise involving said invention or any claim thereto or thereunder, or any application or Letters Patent herein referred to; and it will execute and deliver to Assignee any and all additional papers which may be requested by

Assignee to vest title in Assignee in the United States and in countries foreign thereto, and will otherwise fully carry out the terms of this agreement.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue Letters Patent to Assignee in accordance with the terms of this Assignment.

Assignor hereby authorizes and requests the attorneys of record in the application bearing the abovementioned docket number to insert in this assignment the U.S. application serial number of said application when officially known, if applicable.

IN WITNESS WHEREOF, the undersigned representative of Assignor, being properly authorized to execute this Agreement, hereunto set their hand and affixed their seal.
