WHEREAS, I, the undersigned inventor, having invented a certain new and useful improvement as below entitled ("the Invention"), for which I have applied for a United States patent, said application having been identified with United States Application Number 11/279,843 and entitled PUZZLE; and

WHEREAS, Really Neat Stuff Inc. (hereinafter referred to as "Assignee"), an Illinois corporation, desires to acquire my entire right, title and interest in and to the invention, and in and to said application and any patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I assign to Assignee, all right, title and interest in and to the Invention and in and to said application and all patents which may be granted therefor, and all divisions, reissues, continuations, and continuations-in-part thereof; and I authorize and request the Director of the United States Patent and Trademark Office to issue all patents for the Invention, insofar as my interest is concerned, to Assignee.

I also assign to Assignee, all right, title and interest in and to the invention disclosed in said application throughout the world, including the right to file applications for and obtain patents, utility models, industrial models and designs for said invention in Assignee's own name throughout the world including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.
