ASSIGNMENT OF INVENTION/PATENT APPLICATION  
FROM INVENTOR TO COMPANY

I:

• David A. Jones, a citizen of the United States of America, having a mailing address at 1 Jones Way, West Middlesex, PA 16159, have made a certain new and useful invention as set forth in an application for United States Design Patent Application enclosed herewith, entitled:

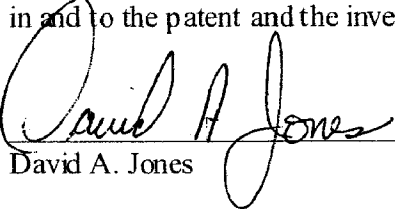

**TRUCK HOOD.**

Jones Performance Products, Inc. ("Jones Performance"), a corporation of Pennsylvania, having as address at 1 Jones Way, P.O. Box 808, West Middlesex, PA 16159, is desirous of acquiring the entire right, title and interest in and to the invention and in and to any and all Letters Patent of the United States and foreign countries that may be obtained therefore;

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign, transfer and set over unto Jones Performance, its legal representatives, successors, and assigns, the entire right, title and interest in and to the invention as set forth in the above-mentioned application, including any continuations, continuations-in-part, divisions, reissues, re-examinations or extensions thereof, and in and to any and all patents of the United States and foreign countries that may be issued for the invention;

I will not execute any writing or do any act whatsoever conflicting with these presents, and I will, at any time upon request, without further or additional consideration but at the expense of Jones Performance, execute such additional assignments and other writings and do such additional acts as Jones Performance may deem necessary or desirable to perfect its enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended Letters Patent of the United States or of any and all foreign countries on the invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of Jones Performance and its assigns.

I request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States that may be issued for the invention to Jones Performance, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to the patent and the invention covered thereby.

  
David A. Jones
