ASSIGNMENT

We hereby assign and transfer to DaimlerChrysler AG, a Corporation organized under the laws of Germany, its successors and assigns, the entire right, title, and interest in and to the invention entitled:

METHOD FOR OPERATING AN INTERNAL COMBUSTION ENGINE

invented by us, and the application for United States Patent therefor executed the day of or filed on 03/24/06 under Serial No. 11/389662 and all patents which may be granted therefor, and all continuations, divisions, reissues and extensions thereof, and authorize and request the Commissioner of Patents to issue all patents on said invention or resulting therefrom to said Corporation, and covenant that we have full right to do so. We agree that we will communicate to said Corporation or its representatives any fact known to us respecting said invention and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid said Corporation, its successors, assigns, and nominees, to obtain and enforce proper protection for said invention.
