Nærå, DK-5792 Årslev, DENMARK; and **KIRSTEN BRANDT** residing at Knud Bankesgyden 22, DK-5792 Årslev, DENMARK (hereinafter referred to as the "Assignors"), have made an invention entitled:

USE OF GLYCOSIDES OF MONO- AND DIACYLGLYCEROL AS ANTI-INFLAMMATORY AGENTS

described and/or claimed in:

an application for U.S. Letters Patent filed on October 13, 2004, and assigned Application No. 10/962,664, which is a divisional of an application for U.S. Letters Patent filed on November 21, 2002, and assigned Application No. 10/300,831, which claims the benefit under 35 U.S.C. § 119(e) from U.S. provisional applications 60/358,391, filed on February 22, 2002, 60/332,084, filed on November 21, 2001 and 60/341,609, filed on December 18, 2001 ("Applications");

WHEREAS, **DANMARKS JORDBRUGSFORSKNING**, a corporation organized under the laws of DENMARK, having a place of business located at Forskningscenter Foulum, P.O. Box 50, DK-8830 Tjele, DENMARK, **H:S RIGSHOSPITALET**, a corporation organized under the laws of DENMARK, having a place of business located at Blegdamsvej 9, Afsnit 5212, DK-2100 Copenhagen Ø, DENMARK, and **DANMARKS FARMACEUTISKE UNIVERSITET**, a corporation organized under the laws of DENMARK, having a place of business located at Universitetsparken 2, DK-2100 Copenhagen Ø, DENMARK (the "Assignees"), desire to acquire the entire right, title and interest in and to the aforesaid invention, the Applications, and any and all improvements and/or modifications to the aforesaid invention and Applications, and in and to any and all patent applications and/or Letters Patent of the United States or any other country related to the invention, the Applications, and/or any and all improvements and/or modifications to the aforesaid invention and Applications, including but not limited to, provisional applications, conversions to utility applications, continuations, continuations-in-part, continuing prosecution applications (CPAs), requests for continuing examination (RCEs), reissues, reexaminations, extensions, substitutes, renewals and divisions which may be filed or granted therefor and all rights to claim priority in whole or in part on the basis of the Applications;

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignors agree to sell, assign and transfer, and hereby do sell, assign and transfer, to the Assignees, their successors, legal representatives and assigns, the full and exclusive right, title and interest in and to the aforesaid invention

and/or Applications, including any and all improvements and/or modifications to the aforesaid invention and/or Applications, and in and to any and all patent applications and/or Letters Patent of the United States or any other country related to the invention, the Applications, and/or any and all improvements and/or modifications to the aforesaid invention and Applications, including but not limited to, provisional applications, conversions to utility applications, continuations, continuations-in-part, CPAs, RCEs, reissues, reexaminations, extensions, substitutes, renewals and divisions which may be granted therefor and all rights to claim priority in whole or in part on the basis of the Applications or any patent applications identified herein.

The Assignors hereby covenant for us and our legal representatives, and agree with said Assignees, their successors and assigns, that we have the full right to convey the entire interest herein conveyed and that we have granted no right or license to make, use, sell or offer to sell said invention, Applications, any other applications or properties identified herein, to anyone except said Assignees, that prior to the execution of this deed, our right, title and interest in said invention, Applications, or any other applications or properties identified herein had not been otherwise encumbered, and that we have not and will not execute any instrument in conflict with this Assignment.

This Assignment covers all countries of the world and the Assignees are hereby entitled to file applications in any country at their discretion and to abstain from seeking patent protection in any and all countries, if they so desire.

This Assignment also includes our right to claim priority under the Paris Convention or any other multilateral or bilateral treaties.

The Assignors hereby covenant and agree, on their own behalf and on behalf of their successors and assigns, to execute any additional assignments and other documents required in connection with the prosecution of the Applications or patent applications as well as to perform any additional acts necessary to enable the Assignees or their successors, legal representatives and assigns, to enjoy the full rights of this Assignment, including applying for a patent for the invention in the United States of America or in any other country of the world, and assigning the Applications or any other applications of any other country of the world and any patent or patents issuing thereon to the said Assignees or their successors, legal representatives and assigns.

The Assignors hereby agree on their own behalf and on behalf of their successors and assigns, without further compensation, to promptly at any time, upon the request of the Assignees, their successors and assigns, fully cooperate with the Assignees with respect to all matters regarding this Assignment in the United States of America or any other country, including without limitation, communicate to the Assignees or their representatives any facts known to the Assignors respecting the invention, to execute all provisional, divisional, continuation, continuation-in-part, CPAs, RCEs, reissue, reexamination, extension, substitute, renewal, and any other patent applications for any and all countries of the world, sign all lawful documents and make all rightful oaths and declarations relating to the invention, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in the Assignees, their successors, legal representatives or assigns, and to testify in any judicial or

administrative proceeding and generally do everything possible to aid the Assignees to obtain, maintain and enforce such Letters Patent in the United States of America or any country of the world when requested so to do by the Assignees.

The Assignors hereby authorize and request my agents, Hunton & Williams, 1900 K Street, N.W., Suite 1200, Washington, DC 20006-1109, or an authorized DANMARKS JORDBRUGSFORSKNING, H:S RIGSHOSPITALET or DANMARKS FARMACEUTISKE UNIVERSITET employee to insert hereon any identification necessary or desirable for recordation of this document, including the filing date and application number of the Applications, any patent applications or patent when known.

The Assignors do hereby authorize and request the Director of the United States Patent and Trademark Office and/or appropriate officials of any country to issue any and all Letters Patent which may be granted upon said United States application(s) or upon any other patent applications filed in any country of the world, or upon said improvements and/or modifications or any parts thereof when granted, to said Assignees.
