ASSIGNMENT OF PATENT APPLICATION

Assignor Eajus Technologies, LLC is the owner of certain new and useful improvements disclosed in an application for United States Letters Patent titled BARREL AND BALL SIZER FOR PAINT-BALL GUN, and having Application No. 10/840,147 and filing date May 6, 2004.

Robert D. Judson and Paul Judson (collectively "Assignees"), whose address is 4405 Castleglen Drive, Plano, Texas 75093, want to acquire each a fifty percent (50%) interest in the entire right, title and interest in and to the improvements and application.

For a good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignees the entire right, title and interest in and to the improvements and the application and all divisions, substitutions, continuations and continuations-in-part thereof, and all United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country; and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for the improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for the improvements in any foreign countries; and I hereby authorize and request the United States Director of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications as stated, to issue all patents for the improvements to Assignees in accordance with the terms of this assignment.

Assignor covenants that Assignor has full right to convey the entire interest assigned, and that Assignor has not executed, and will not execute, any agreement in conflict with this assignment.

Assignor further covenants and agrees that Assignor will communicate to Assignees any facts known to Assignor respecting the improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignees to obtain and enforce proper patent protection for the improvements in all countries.

SIGNED this the 20 day of June, 2006.
