## RELEASE OF SECURITY INTEREST IN PATENTS

This Release of Security Interest in Patents (the “**Release**”) is dated as of July 11, 2006, by the parties listed on the attached Schedule A (each a “**Lender**,” and collectively referred to as the “**Lenders**”), under the Convertible Secured Promissory Note Purchase Agreement and Security Agreement, both dated as of March 28, 2006 (as amended, restated, supplement or otherwise modified from time to time, the “**Loan Agreement**”) and the Grant of Patent Security Interest dated as of March 28, 2006 (the “**Grant**,” and, together with the Loan Agreement, the “**Grant of Security**”), in favor of Telespree Communications, a California corporation (“**Telespree**”). Capitalized terms not defined in this Release have meanings set forth for such terms in the Grant of Security.

**WHEREAS**, pursuant to the Grant of Security, Telespree assigned all of its right, title and interest in or to the issued patents and patent applications listed on the attached Schedule B (the “**Patent Collateral**”) to the Lenders;

**WHEREAS**, the Grant was recorded in the United States Patent and Trademark Office on April 17, 2006, at Reel 017480, Frame 0191;

**WHEREAS**, Telespree has fully performed in full the Obligations and each Lender desires to release its security interest in the Patent Collateral;

**NOW THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Lender hereby notifies, acknowledges to and agrees with Telespree that the security interest in the Patent Collateral granted by Telespree to the Lenders pursuant to the terms of the Grant of Security, is terminated and released as of the date hereof, and that each Lender hereby releases and forever discharges all of its right, title and interest of any kind or nature granted, assigned or conveyed pursuant to the Grant of Security in and to the Patent Collateral.

Each Lender hereby agrees to take such further actions and to execute such further documents as Telespree may reasonably request to effect and evidence this Release of Security Interest in Patents, including, without limitation, the execution of any filings, statements, amendments, recordations or other instruments required to maintain the applications or registrations of the Patent Collateral and record the chain of title accordingly with the United States Patent and Trademark Office.
