US Application No. 812,850, filed July 3, 1977

US Application No. 638,757, filed December 8, 1975; and

WHEREAS, Wells Fargo Bank National Association, a corporation organized and existing under the laws of the United States, and having offices at 21 First Street S.W., Rochester, MN 55902 ("Assignee"), is desirous of acquiring the Assigned Assets and the entire right, title and interest in and to the inventions, the applications, and any and all Letters Patent or similar legal protection, foreign or domestic, to be obtained therefor in consideration of financial accommodations granted between Assignor and Assignee;

WHEREAS, in order to induce Assignee to enter into this Assignment Assignor represents and warrants to Assignee:

(a) That Assignor is the sole owner of all Patents and Patent Applications as set forth herein free of all liens, claims or security interests of any type;

(b) Assignor has all necessary power and authority to execute this Assignment and all other documents necessary to effectuate and consummate the transfer contemplated herein and to sell, transfer and convey the Assigned Assets that he owns to the Assignee upon the terms and conditions set forth herein;

(c) This Assignment has been duly executed and delivered by him and this Agreement does, and all other documents required to be delivered by him hereunder shall when executed constitute legal, valid and binding obligations enforceable in accordance with their respective terms;

(d) Neither the execution and delivery of this Agreement nor the consummation by him of the transactions contemplated hereby will conflict with or result in a breach of any agreement, contract or instrument to which Assignor is a party.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, I transfer to Assignee, its successors and assigns, my entire right, title, and interest "as is and where is", "with all faults," and without representation, warranty or recourse in and to the Assigned Assets including; but not limited to the invention, the above-identified patent application, corresponding domestic applications (including divisionals, continuations, and continuations-in-part), corresponding foreign applications, all Letters Patent or similar legal protection issuing thereon, and all rights and benefits under any applicable treaty or convention "as is and where is", "with all faults", and without representation, warranty or recourse; and I authorize the Commissioner of Patents and Trademarks of the United States or foreign equivalent thereof to issue the Letters Patent or similar legal protection to the Assignee. This assignment shall extend to all known and existing assets owned by me relating to Shidell, Inc. or the Assigned Assets including but not limited to all electronic and hard copy records and files such

as sales files, service records, customer records and information, equipment and product specifications, engineering drawings, blueprints, bills of materials, software programs for scale controls, programmable logic controllers, internet web sites and domain names and all other general records and files relating to Slidell, Inc and the Assigned Assets.

I authorize the Assignee, its successors and assigns, to insert in this instrument the filing date and application number of the application when ascertained. I authorize the Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection, in its own name if desired, in any and all foreign countries.

I represent to the Assignee, its successors and assigns, that I have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. I, my executors or administrators, will at any time upon request, without additional consideration, but at the expense of the Assignee, its successors and assigns, execute such additional writings and do such additional acts as the Assignee, its successors and assigns, may deem desirable to perfect its enjoyment of this grant and render all assistance in making application for and obtaining, maintaining, and enforcing the Letters Patent or similar legal protection on the Assigned Assets in any and all countries.
