ASSIGNMENT

WHEREAS, I, **William H. Berkman**, hereinafter referred to as the assignor, residing at **158 Mercer Street, #8M, New York, New York 10012**, am the inventor of certain inventions or improvements for which I have made application for Letters Patent of the United States, identified as Application No. **11/421,278** filed **May 31, 2006** entitled **System and Method for Communicating in a Multi-Unit Structure**; and

WHEREAS, **Current Technologies, LLC**, hereinafter referred to as the assignee, of **20420 Century Boulevard, Germantown, Maryland, 20874**, a Limited Liability Company of Delaware is desirous of acquiring the entire right, title and interest in and to the said inventions or improvements and in and to the said application, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in any and all countries:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and intending to be legally bound hereby, I, the said assignor, have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, to said assignee, the entire right, title and interest in and to said inventions or improvements and said application and any and all continuations, divisions and renewals of and substitutes for said application, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in the United States and any and all other countries, and any re-issue or re-issues or extension or extensions of said Letters Patent, including the full right to sue for and collect damages for past violations of provisional rights having arisen from any publication of said application or any continuations, divisions, or renewals of or substitutes for said application.
