ASSIGNMENT

This Assignment of Patent rights ("Assignment") is made this 28 day of July 2006, by and between Texas Tech University, having an address and place of business at 1901 University, Ste. 301A, Lubbock, Texas 79409 ("Assignor"), and Jarrow Formulas, Inc., a corporation having an address and place of business at 1824 S. Robertson Blvd., Los Angeles, California 90035-4317 ("Assignee").

WHEREAS, Assignor is the owner of all rights, title and interest in and to U.S. Patent Application Serial No.: 10/293,932 to Khan, including all inventions disclosed therein (U.S. Patent Publication No. US 2003-0147927 A1) (the "Patent");

WHEREAS, Assignee desires to acquire from Assignor all rights, title, and interest in and to the Patent.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby assigns and transfers to Assignee, its successors, assigns and legal representatives, the entire rights, title and interest in and to the Patent, including the full and exclusive right to any and all inventions described in said patent for the United States, its territorial possessions and all foreign countries as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, and in and to any and all continuations, continuations-in-part, divisions, substitutes, reissues, reexaminations, and extensions thereof, and all other applications for Letters Patents relating thereto which have been or shall be filed in the United States, its territorial possessions and any foreign countries, and all rights, including all priority rights, under any of the international conventions, unions, agreements, acts, and treaties, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made; together with all claims for damages by reason of past infringement, with the right to sue for, and collect the same, for Assignee's own use and benefit, and for the use and benefit of Assignee's successors, assigns and other legal representatives;

AND FURTHER, Assignor hereby agrees that, when requested to carry out in good faith the intent and purpose of this Assignment, at the expense of said Assignee, but without charge to Assignee, its successors, assigns and legal representatives, Assignor will execute all continuations, continuations-in-part, divisions, substitutes, reissues, reexaminations, and extensions of said patent, execute all rightful oaths, assignments, powers of attorney and other papers, testify in any legal or quasi legal proceedings; communicate to said Assignee, its successors, assigns, and legal representatives all facts known to the Assignor relating to said invention and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or legal representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for the inventions and for vesting title to the inventions and all applications for patents on the inventions in said Assignee, its successors, assigns and legal representatives;

AND FURTHER, Assignor hereby covenants with Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement

affecting the rights and property herein conveyed has been made to others by the Assignor, and that full right to convey the same as herein expressed is possessed by the Assignor.

IN WITNESS WHEREOF, Assignor, by its duly authorized officer, has caused this Assignment to be executed and delivered this 28th day of July 2006.
