PATENT ASSIGNMENT

For valuable consideration, the receipt and sufficiency of which hereby are acknowledged, **ADVANCE USA, LLC**, having a place of business at c/o The Meridian Group, 223 Fourth Avenue, Suite 1700, Pittsburgh, PA 15222, and its successors and assigns ("**Advance**") hereby assigns to General Electric Company, a New York corporation having a place of business c/o GE Advanced Materials, One Plastics Avenue, Pittsfield, MA 01201 (hereinafter the "**Assignee**"), as the owner of, the entire right, title and interest in and to the inventions and improvements which are the subject of the patents and patent applications set forth on Exhibit A attached hereto, including all goodwill associated therewith.

This assignment includes said patents, any and applications for patent and patents therefore in any and all countries, including all divisions, reissues, continuations, extensions thereof, and all rights of priority resulting from the filing of said inventions and improvements, and any and all foreign patent applications relating thereto. Assignor agrees for itself and its successors, representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, preliminary statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.

IN WITNESS WHEREOF, Assignor hereby signs this assignment as of this 16th day of December, 2004.
