PATENT ASSIGNMENT

This Patent Assignment ("Assignment") is entered into as of October 15, 2005 by and between MEDICAL SAFETY TECHNOLOGIES, INC. ("Assignee"), and ROBIN PATRICK MARTIN, an individual ("Assignor").

NOW THEREFORE, for the sum of \$10.00 US and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

Assignor hereby assigns to Assignee, its successors, assigns and legal representatives, all of Assignor's right, title and interest in and to the U.S. and foreign patents and patent applications for inventions of Robin P. Martin, including without limitation those listed on Appendix A (the "Intellectual Property"), any continuation, continuation-in-part, divisional, and any issued patent claiming priority from the Intellectual Property; and all applications for intellectual property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for the Intellectual Property in any country or countries foreign to the United States, including the right to enforce the Intellectual Property against infringers of the Intellectual Property for infringement of the Intellectual Property for the time period prior to the date of this Assignment, and in and to said Intellectual Property including all divisional, continuation, substitute, renewal, reissue and all other applications for Letters patent which have been or shall be filed in the United states and all foreign countries on said Intellectual Property, and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said Intellectual Property, and in and to all utility models, Industrial models, certificates of invention, and designs and said Intellectual Property.

Assignor warrants that he/she/it has full right to convey the interests assigned, and that he/she/it has not executed, and will not execute, any agreement in conflict with this agreement; and he/she/it hereby further warrants that he/she/it will communicate to the Assignee, his successors, legal representatives, and assigns, any facts known to us respecting the Intellectual Property, and testify in any legal proceeding, sign all lawful papers, execute all divisions, continuing, and reissue applications, make all rightful oaths, and generally do everything possible to aid the Assignee, his successors, legal representatives, and assigns, to obtain and enforce proper patent protection for the Intellectual Property in all countries.

Assignor authorizes and requests the Commissioner for Patents of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of intellectual property protection on applications for such protection, to issue the same to the Assignee, his successors, legal representatives, and assigns, in accordance with the terms of this agreement.
