PATENT ASSIGNMENT

THIS Assignment dated for reference the 5th day of June, 2006.

BETWEEN:

PCK HOLDINGS LTD.
(formerly Highline Mfg. Inc.)

(the "Assignor")

AND:

HIGHLINE MANUFACTURING LTD.
(formerly 101078213 Saskatchewan Ltd.)

(the "Assignee")

WITNESSES THAT WHEREAS the Assignor is the owner of the Canadian, United States and Australian issued patents and patent applications set out in the attached Schedule "A" (the "Patents").

NOW THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment. The Assignor hereby assigns, conveys and transfers to the Assignee all Patents, including any divisions, continuations, continuations in part, substitute applications, reissues, re-examinations and extensions thereof and any subsequently filed further foreign counterpart patent applications and foreign patents, the inventions embodied therein and any patent application on any improvements to the Patents for the Assignee's own use and enjoyment, and for the use and enjoyment of the Assignee's successors, assigns or other legal representatives, together with all income, royalties or payments due or payable as of the effective date of this Assignment or thereafter, including, without limitation all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patents with the right to sue for and collect the same for the Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives.
2. Recording. The Assignor authorizes and requests any official whose duty is to record ownership of patents in the applicable jurisdiction, to record the Assignee as the owner of the Patents.
3. Further Assurances. The Assignor agrees that from time to time and at all times hereafter the Assignor will, upon the reasonable request of the Assignee, but at the expense of the Assignee, make, do, and execute, or cause to be made, done, and executed all such further acts, deeds, matters, and things to give effect to the conveyance and assurance unto the Assignee of the Patents

and the Assignor will make its best efforts to procure any consents and approvals required therefore.

4. Enurement. All grants, covenants, provisos, agreements, rights, powers, privileges, and liabilities contained in this Agreement will be read and held as made by and with, granted to and imposed upon, the respective parties hereto, and their respective heirs, executors, administrators, successors, and assigns (as the case may be) as if the words heirs, executors, administrators, successors, and assigns had been inscribed in all proper and necessary places; and wherever the singular or masculine pronoun is used, the same will be construed as meaning the plural or feminine or the body politic or corporate where the context or the parties hereto require, and where a party is more than one person, all obligations will be deemed to be joint and several.

IN WITNESS WHEREOF the parties have executed these presents as of the day and year first above written.
