PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement is being entered into by and between SEER Pharmaceuticals, LLC, a Delaware limited liability company ("Assignor"), and Allertein Therapeutics, LLC, a Delaware limited liability company ("Assignee").

WHEREAS Assignor is an owner of the patent and patent applications listed on Attachment A (collectively, the "Patents"); and

WHEREAS Assignor has agreed with Assignee for the transfer to it all of Assignor's right, title and interest in and to said Patents, and the inventions therein.

NOW THEREFORE, pursuant to such agreement and in consideration of the sum of One U.S. Dollar (\$1.00) paid by Assignee to Assignor (the receipt of which Assignor hereby acknowledges), Assignor hereby assigns and transfers to Assignee Assignor's right, title and interest in said inventions and the Patents, and any and all patent or patents in the United States of America and all foreign countries which may be granted therefor and thereon, and in and to any and all divisions, continuations, and continuations-in-part of the Patents, or reissues, reexaminations or extensions of the Patents, and all rights under all applicable intellectual property treaties and conventions, and the full benefits thereof, and all rights, privileges and advantages appertaining thereto, including any and all rights of Assignor to damages, profits or recoveries of any nature for past infringement of the Patents, and the payment of any and all maintenance fees, taxes, and the like, to hold the same unto and to the use of Assignee, its successors and assigns during the residue of the respective terms for which the Patents were or will be granted and during any such terms, and for any and all rights extending from said divisions, continuations, continuations-in-part, reissues, reexaminations and extensions.

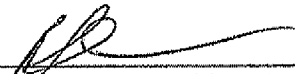

AND for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns that Assignor will, at the cost and expense of the Assignee, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the recordation of this assignment of the Patents to Assignee.

AND Assignor hereby requests the Director of the United States Patent and Trademark Office to issue, to Assignee, any and all Patents of the United States arising from such United States patents and patent applications included in the Patents for the use and behalf of the Assignee, its successors, legal representatives, and assigns.

AND Assignor hereby appoints Assignee as its common agent for purposes of prosecuting international patent applications and any material patent applications for the Patents for which such common agency is recognized.

Executed at Fairfield, CT this 30 day of August, 2006.
