OP \$40.00 6571676

ASSIGNMENT OF PATENTS

WHEREAS, Applied Ordnance Technology, Inc., a Maryland corporation (the "Company") and Science Applications International Corporation, a Delaware corporation ("SAIC"), along with certain other parties, entered into a stock purchase agreement, dated as of August 25, 2006 (the "Agreement"); and

WHEREAS, the Company has an ownership interest U.S. Patent 6,571,676; and

WHEREAS, pursuant to the transactions contemplated by the Agreement, SAIC is desirous of acquiring, and the Company is desirous of assigning to SAIC, all of the right, title, and interest of the Company into said Patent, and the inventions disclosed therein and covered thereby.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Company and SAIC agree as follows:

1. The Company has an ownership interest in the Patent and does hereby sell, assign, transfer and set over to SAIC, all of the Company's right, title and interest to the Patents, and to any and all inventions described in the Patents, in the United States, its territorial possessions and all foreign countries, and in any and all continuations-in-part, continuations, divisions, substitutes, reissues, extensions thereof, and all other applications for letters patent relating thereto that have been or shall be filed in the United States, its territorial possessions and/or any foreign countries, and all rights, together with all priority rights, under any of the international conventions, unions, agreements, acts, and treaties, including all future conventions, unions, agreements, acts, and treaties, the same to be held and enjoyed by SAIC for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, to the end of the term or terms for which letters patent are or may be granted or reissued as fully and entirely to the same extent as the same would have been held and enjoyed by the Company, if this assignment and sale had not been made; together with all claims for damages or injunctive relief by reason of infringements of such letters patent resulting from the Patent, with the right to sue for past infringement, and collect the same for its own use and behalf and for the use and behalf of its successors, assigns or other legal representatives.
2. The Company hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all letters patents of the United States on such inventions or resulting from the Patent, or any continuations-in-part, continuations, divisions, substitutes, reissues or extensions thereof, to SAIC, as assignee of the Company's entire interest, and hereby covenants that the Company has full right to convey the interests herein assigned, and that it has not executed, and will not execute, any agreement in conflict herewith.
3. The Company agrees that upon request by SAIC, or its successors, assigns or other legal representatives that the Company or its successors, assigns or other legal representatives shall do all other legal acts reasonably necessary to carry out the intent of this assignment at the assignee's expense and request as well as provide such other material, information, or

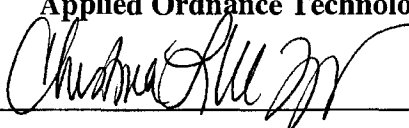

AOT to SAIC

assistance as assignee or its successors, assigns or other legal representatives may consider necessary.

4. **IN WITNESS WHEREOF**, the Parties, intending to be legally bound, have caused this Agreement to be duly executed and become effective *nunc pro tunc* as of August 25, 2006.
