

Attorney Docket No: 6806.204-US

ASSIGNMENT

WHEREAS:

INVENTOR Philip Albert Sparholt, a citizen of Denmark, residing at Skejergvej 21B, Smorum, DK-2765, Denmark; and

INVENTOR Erik Winkel Ethelfeld, a citizen of Denmark, residing at Frederiksborggade 42, 3tv, Copenhagen K, DK-1360, Denmark;

(hereinafter ASSIGNORS), are owners of rights, by virtue of being inventors in discoveries and/or inventions entitled:

RESERVOIR DEVICE WITH INTEGRATED MOUNTING MEANS

for which patent applications have been filed in the United States on April 20, 2006 as Application No. 11/407,490 and

WHEREAS:

NOVO NORDISK A/S, a corporation organized under the laws of Denmark, located at Novo Allé, DK-2880 Bagsvaerd, Denmark (hereinafter ASSIGNEE), is desirous of acquiring from ASSIGNORS, ASSIGNORS' entire interest in, to and under said inventions and/or discoveries and in, to and under any patent or similar legal protection to be obtained therefor in all countries.

NOW, THEREFORE, for good and valuable consideration provided by ASSIGNEE to ASSIGNORS, the receipt of which is hereby acknowledged, ASSIGNORS hereby sell, assign and transfer to ASSIGNEE, its successors, legal representatives, or assigns, ASSIGNORS' full and exclusive rights, titles and interests to said discoveries and/or inventions in all countries, and to any patents or similar legal protections to be obtained for said inventions and/or discoveries by said patent application(s) or any continuations, continuations-in-part, divisions, renewals, extensions, substitutions, replacements, or reissues thereof, and every priority right that is or may be predicated upon or arise from any such applications or patents including all rights in or arising from patent applications to which said applications claim priority, or any legal equivalent of any thereof in any country for the full term or terms for which the same may be granted.

SAID ASSIGNORS hereby further covenant and agree that the ASSIGNEE, its successors, legal representatives, or assigns, may make additional patent applications on said discoveries and/or inventions in any country and claim the benefits of the International Convention as deemed fit by ASSIGNEE.

SAID ASSIGNORS further hereby authorize any official of any country or countries whose duty it is to issue any patent on applications as aforesaid, (including but not limited to extensions thereof, renewals thereof, etc.), to issue any such patent or related rights for said discoveries and/or inventions to the ASSIGNEE, as assignee of the entirety of ASSIGNORS' right, title and interest in, to and under the same, for the sole use and behalf of the ASSIGNEE, its successors, legal representatives and assigns.

SAID ASSIGNORS hereby further covenant that ASSIGNORS have full right to convey the entire right, title, and interest herein sold, assigned, transferred, and set over.

AND SAID ASSIGNORS further covenant that ASSIGNORS will, at any time, when called upon to do so by the ASSIGNEE, its successors, legal representatives, or assigns, and without further compensation, communicate thereto any facts known to ASSIGNORS relating to said discoveries and/or inventions or related technologies; execute and deliver any and all lawful papers (including, but not limited to, granting powers of attorney and executing inventor declarations for continuations-in-part and reissues of patent applications hereby assigned); make all rightful oaths, affidavits, or declarations; testify in any legal proceedings, mediations, arbitrations, or other proceedings; and perform all other lawful acts that may be deemed by ASSIGNEE necessary or desirable to obtain, secure, and/or vest the benefit of the rights herein assigned, and perfect the title to said discoveries and/or inventions, said patent applications, and all patents and all related rights thereto in the name of and for the benefit for the ASSIGNEE, its successors, legal representatives, or assigns, and to assist or enable the ASSIGNEE, its successors, legal representatives, or assigns to enforce, protect, or otherwise benefit from the rights in said discoveries and/or inventions, applications, and patents hereby granted.

This ASSIGNMENT shall be binding upon ASSIGNORS' heirs, executors, administrators, successors, and/or assigns.
