ASSIGNMENT OF PATENT APPLICATION

WHEREAS, Applied Photonic Products Incorporated of 526 Outlook Drive, Los Altos, California 94024, hereinafter referred to as "Assignor", is the holder of the patent application described and set forth in the below identified application for United States Letters Patent:

Title of the Invention: Photonic Device Packaging Method and Apparatus  
Filing date: June 19, 2002  
Serial No.: 10174724; and

WHEREAS, Guangzhou Yinxun Optiviva Inc., located at Foreign Economic Industrial District, Zengcheng, Guangzhou, Guangdong Province, China 511300, hereafter referred to as "Assignee", is desirous of acquiring an interest in the invention and application and in any Letters Patent and Registrations which may be granted on the same:

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned, and by these presents does assign to Assignee all right, title and interest in and to the invention and application and to all foreign counterparts (including patent utility model and industrial designs), and all future improvements thereon, and in and to any Letters Patent and Registrations which may hereafter be granted on the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignor further agrees that it will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of U.S. Patent application and foreign counterparts on the invention and any improvements, (b) execute, verify acknowledge and deliver all such further papers, including patent applications and instruments of transfer and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title therein in Assignee, or Assignee's successors and assigns.

IN TESTIMONY WHEREOF, Assignor has signed its name on the date indicated.
