WHEREAS, Lincoln Advanced Technologies, LLC, a limited liability company duly organized and legally existing under the laws of Illinois, having offices at Hinckley, Illinois (hereinafter "Assignee"), is desirous of acquiring the entire worldwide right, title and interest in all of the foregoing named applications ("Applications") and in the inventions and discoveries disclosed therein;

NOW, THEREFORE, BE IT KNOWN that for and in consideration of the sum of U.S. \$10.00, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and does hereby sell, assign and transfer unto said Assignee the entire right, title and interest together with all accrued rights, including the right to sue and collect and receive royalties and/or damages for past infringement, in and to the Applications and to all inventions and discoveries disclosed therein, including any and all resulting letters patent, renewals and reissues of any resulting letters patent, and further including any and all future applications and/or registrations for letters patent in any country or locale anywhere in the world (such as continuation, divisional or national stage applications) which claim or

could claim priority to either of said Applications, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made; but nothing contained in this Assignment shall be interpreted as conveying to Assignee any right, title and interest to future improvements or developments made by Assignor or anyone else based on the inventions disclosed in said Applications, provided the claims to such future improvements are not entitled to the priority date of any of said Applications;

And for the consideration aforesaid, Assignor further covenants and agrees that it will, whenever requested, but without cost to it, execute any papers that may be necessary to enable said Assignee or its representatives, successors, nominees or assigns to secure and retain complete title to any letters patent resulting from any present or future application transferred hereunder and to the inventions and discoveries disclosed therein.

IN WITNESS WHEREOF, Assignor has hereunto set its hand this 23 day of September, 2006, at Hinckley, Illinois.
