Rosebay Management, LLC (the "Assignee")

a corporation organized under the laws of the state of Alabama, and its successors, assigns and legal representatives, the entire right, title and interest, for all countries in and to the inventions relating to the

TRANSPORTATION STRUCTURE AND METHOD**

described in the application for Letters Patent of the United States filed on August 31, 2006 as a **NonProvisional Utility Patent Application**, bearing the Application Serial Number 11/469,389 and to any invention(s) and improvement(s) set forth in said application, and any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for said application for said Letters Patent, and all the rights and privileges under any and all Letters Patent that may be granted therefor in any country, and any reissues, or reexaminations, or extensions of said Letters Patent. I request that any and all Letters Patent for said inventions be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate. (I consent to the entry by Assignee or its representatives of the Serial Number assigned by the U.S. Patent and Trademark Office into the blank provided therefor, above, following notice of such assignment to Assignee by such Office, which entry shall have the same effect as if so done presently by my own hand, prior to my signature).

I agree that, when requested, I will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

I authorize and empower said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the Patent Cooperation Treaty, the Paris Convention, and the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for said treaties and conventions, and to invoke and claim such right of priority without further written or oral authorization from me.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more
