# ASSIGNMENT OF US PATENT APPLICATION AND RELATED APPLICATIONS

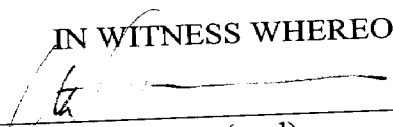

I, William G. Tammen, hereby assign to Michael J Buerchner, of Campbell, California, and to Christopher N. Pericles, of Phoenix, Arizona, in equal and undivided shares, the entire right, title and interest, including to right of priority, in, to and under an application for Letters Patent of the United States entitled "Shopping List Holder," having a first named inventor of Michael J. Buerchner and filed on 31 July 2006 and assigned application number 29/263,932, and the invention(s) and improvement(s) set forth therein, and any and all continuations, continuations in part (CIPs), divisionals, and renewals of and substitutes for said application and/or patent, and any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon or therefore; and any reissues, reexaminations or extensions of said Letters Patent and/or applications.

Michael J. Buerchner and Christopher N. Pericles will hereafter be referred to as "Said Assignees." I additionally authorize Said Assignees to file applications in my name for Letters Patent in any country to be held and enjoyed by Said Assignees, their successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by me had any assignment and transfer not been made; I authorize Said Assignees to secure all rights to said applications in their names to the extent that such applications are currently pending or have already issued as Letters Patent.

I hereby covenant that I have the full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith, and I further covenant and agree that I will, each time a request is made, and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to said invention(s) or improvement(s), said application and said Letters Patent, to Said Assignees, their successors, assigns, nominees or legal representatives, and I agree to communicate to Said Assignees, or to their nominee, all known facts respecting said invention(s) or improvement(s), said application and said Letters Patent, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisionals, continuations, CIPs, reissue and foreign applications, to make all rightful oaths and declarations, and generally to do everything possible to aid Said Assignees, their successors, assigns, nominees and legal representatives to obtain and enforce, for their own benefit, proper patent protection for said invention(s) or improvement(s) in any and all countries provided the expenses which may be incurred by me in lending such cooperation and assistance are paid by Said Assignees.

I hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications aforesaid, to issue to Said Assignees, as assignee of the entire right, title and interest, any and all Letters Patent for said invention(s) or improvement(s), including any and all Letters Patent of the United States which may be issued and granted on or as result of the application aforesaid, in accordance with the terms of this assignment.
