ASSIGNMENT

In consideration of One Dollar and other good and valuable consideration, of which we acknowledge receipt, I:

(1) John Erickson

sell and assign to Advanced Neuromodulation Systems, Inc., (hereinafter referred to as "Assignee"), its successors and assigns the entire right, title and interest in and to the improvements in:

DOSAGE CONTROL APPARATUS

invented by myself as described in the application for United States patent

☐ Executed concurrently herewith, or

☒ U.S. Serial No. 10/331,425, filed December 30, 2002

and any and all applications for patent and patents therefore in any and all countries, including all divisions, reissues, continuations, continuations-in-part, and extensions thereof, and all rights of priority resulting from the filing of said United States application and authorize and request any official whose duty it is to issue patents, to issue any patents on said improvements or resulting therefrom to said Assignee, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Assignee, I will communicate to said Assignee or its representatives or nominees any facts known to me respecting said improvements and testify in a legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid said Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for said improvements in all countries.

(1) Signed at Plano, Texas on March 5, 2003.
