ASSIGNMENT

WHEREAS, I, Peter K. Nielsen, residing at 60 Golf View Lane, Frankfort, IL 60423, have made an invention in **AXE HEAD WITH NOTCHES FOR RECEIVING THE FORKED END OF A HOOLIGAN TOOL**, (File No. PTI-P-31), and have executed, on even date, an application for Design Patent of the United States of America thereon;

Now, therefore, in consideration of my salary and past employment by Paratech Incorporated, and of other good and valuable consideration, receipt of which is acknowledged, I have agreed to assign and transfer and do hereby assign and transfer unto Paratech Incorporated, a corporation organized under the laws of the State of Illinois, and having its Corporate Office in Frankfort, Illinois, its successors and assigns, the entire right, title and interest in and to the said invention and application, and in and to any division, reissue, continuation or continuation-in-part and extensions of said application, and in and to any and all Design Patents and reissues and extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Design Patents in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they would have been by me had this assignment and transfer not been made;

I do further agree for myself and for my heirs, executor and administrator, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other acts as I lawfully may, that may be deemed necessary by the said Paratech Incorporated, its successors, assigns and nominees, fully to secure its interest as aforesaid and to obtain, maintain, and enforce Design Patents in any and all countries;

And I do hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all Design Patents which may be granted upon any of the said applications, to the said Paratech Incorporated, as the assignee of the entire right, title and interest therein.

IN WITNESS WHEREOF, I have hereunto signed my name.
