ASSIGNMENT

WHEREAS, I, George Solowiejko, of 1904 Highridge Road, Rockford, Illinois 61108,
have invented and own a certain invention entitled:

TAMPER EVIDENT MULTIPLE DOOR CLOSURE

for which invention I have executed an application (provisional or non-provisional) for a U.S. patent, which was filed on October 2, 2006, under U.S. Application No. 11/542,456, and

WHEREAS, J.L. Clark, Inc., of 923 23rd Avenue, Rockford, Illinois 61104, hereinafter
referred to as Assignee, is desirous of acquiring the entire domestic and foreign right, title,
and interest in and under the invention described in the patent application.

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency
of which are hereby acknowledged, I assign and transfer to the Assignee and the Assignee's
legal representatives, successors and assigns the full and exclusive rights in and to the
invention in the U.S. and every foreign country and the entire right, title, and interest in and
to the patent application and other such applications (e.g., provisional applications, non-
provisional applications, continuations, continuations-in-part, divisionals, reissues,
reexaminations, National phase applications, including petty patent applications, and utility
model applications) that may be filed in the United States and every foreign country on the
invention, and the patents, extensions, or derivations thereof, both foreign and domestic, that
may issue thereon, and I do hereby authorize and request the Commissioner of Patents to
issue U.S. patents to the above-mentioned Assignee agreeably with the terms of this
assignment document.

I HEREBY AUTHORIZE the Assignee to insert in this assignment document the filing
date and application number of the application if the date and number are unavailable at the
time this document is executed.

UPON SAID CONSIDERATION, I convey to the Assignee the right to make application
in its own behalf for protection of the invention in the U.S. and countries foreign to the U.S.
and to claim under the Patent Cooperation Treaty, the International Convention and/or other
international arrangement for any such application the date of the U.S. application (or any
other application on the invention) to gain priority with respect to other applications.

I DO HEREBY COVENANT and agree with the Assignee that I will not execute any
writing or do any act whatsoever conflicting with the terms of this assignment document set
forth herein, and that I will at any time upon request, without further or additional
consideration, but at the expense of the Assignee, execute such additional assignments and
other writings and do such additional acts as the Assignee may deem necessary or desirable
to perfect the Assignee's enjoyment of this assignment, and render all necessary assistance in
making application for and obtaining original, continuation, continuation-in-part, divisional,
reissued, reexamined, and National phase patents of the U.S. or of any and all foreign
countries on the invention, and in enforcing any rights or choses in action accruing as a result
