ASSIGNMENT OF PATENT RIGHTS, PATENTS AND PATENT APPLICATIONS

WHEREAS, Patterson Research, Inc., an Oklahoma corporation (“Assignor”), is the assignee of the inventors of inventions, patents and patent applications identified on the attached Schedule A; and whereas, Assignor is the sole owner of said inventions, patents and patent applications, and,

WHEREAS, GWACS DEFENSE, INC., a Delaware corporation located at 230 Park Avenue, New York, NY 10169, (“Assignee”) is desirous of acquiring the entire right, title and interest in said inventions, patents and patent applications;

NOW THEREFORE, in consideration of the sum of ten dollars (\$10.00) and other good and valuable consideration, the receipt whereof is acknowledged, Assignor, the owner of the inventions, patents and patent applications, by these presents does sell, assign and transfer unto Assignee the full and exclusive right, title and interest in and to the inventions, patents and patent applications worldwide and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States or any other countries, and any and all rights of priority, applications, patents, utility models, inventors’ certificates which may be granted for said inventions in any country throughout the world, and all extensions, reissues and renewals thereof.

Assignor hereby authorizes and requests the Commissioner of Patents and the patent offices where any of said applications may be filed to issue any patents issuing from said applications to Assignee of the entire right, title and interest in and to the same, for its sole use and advantage; and for the use and advantage of its legal representatives and assigns, to the full end of the term for which said patents may be granted, as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made.

This assignment is effective as of July 27, 2006.
