ASSIGNMENT

WHEREAS, we, **Hugo Becker, Rudolf Wiemer, and Martin Frielingsdorf of Zum Eichenhain 75, 51570 Windeck-Stromberg, Germany and Waldweg 3, 53578 Windhagen, Germany and, Gartenstrasse 8, 57635 Werkausen, Germany** respectively, have invented certain improvements related to a **HINGE BAND FOR DOORS OR WINDOWS**, (the Invention) and, the Invention is at least partially described in US patent application, serial number 11/470,454 filed on September 6, 2006, (the Application), and being the partial or full owner of all right, title and interest in and to the Invention and the Application, and having full right to convey our entire interest both legal and equitable herein assigned; and

WHEREAS, **KL-Beschläge Karl Loggen GmbH, of Wecostrasse 15, 53783 Eitorf, Germany**, a German corporation (assignee) is desirous of acquiring our entire right, title and interest in and to the Application and the Invention described therein and any and all patents to be obtained therefore, all as hereinafter set forth:

NOW, THEREFORE, in consideration of good and valuable consideration received by the undersigned, the undersigned do hereby sell, assign, transfer and set over unto said assignee, its successors and assigns, their entire right, title and interest in and to the Invention, in any form or embodiment thereof, and in and to the Application; and in and to any application filed in the United States and/or any foreign country based thereon, including the right to file any foreign applications under the provisions of the International Convention; also the entire right, title and interest in and to any and all patents or reissues or extensions thereof to be obtained in the United States or any foreign country upon said invention or inventions and any divisional, continuation, continuation-in-part or substitute applications which may be filed upon said invention or inventions in the United States or any foreign country; and the undersigned hereby authorize and request the issuing authority to issue any and all patents on the Application or applications to said assignee or its successors and assigns.

The undersigned further agree to execute all utility, divisional, continuing, substitute, improvement, extension, reissue and other patent applications in the United States or any foreign country relating to the Application or the Invention and to sign all other lawful papers and to perform all other lawful acts without further consideration, but without expense to ourselves, which the assignee may deem necessary or desirable to make this Assignment fully effective including by way of example, but not of limitation, the following acts:

- (1) Prompt execution of all lawful oaths, affidavits and/or supplemental oaths required or deemed advisable by the assignee to further the prosecution of any application or applications for letters patent relating to the subject matter of this Assignment;
- (2) To co-operate to the best of our ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, nullification or infringement proceedings involving the said invention or improvement, applications or patents or any of them.

The undersigned hereby authorize said assignee to insert into this Assignment the docket number, the serial number and the filing date of the Application when known.

IN WITNESS WHEREOF, each of the undersigned has hereunto set his hand and seal on the date set after his signature,
