ASSIGNMENT OF PATENTS

WHEREAS, Accu-Mold Holdings Corporation, an Iowa corporation (formerly known as Accu-Mold Corporation) ("Assignor"), is the owner of the patents and underlying inventions listed on Exhibit A (the "Patents").

WHEREAS the Assignor has agreed to assign and does hereby assign to Accu-Mold LLC, a Delaware limited liability company ("Assignee"), all rights and licenses, in and to, the Patents.

NOW THEREFORE, for good and valuable consideration, the receipt of all of which is hereby acknowledged:

1. Assignor hereby confirms that, as of the date hereof, Assignor has sold, assigned and transferred and does hereby sell, assign and transfer to Assignee, all right, title and interest in and to the Patents, including any and all applications claiming priority therefrom, any non-provisionals, divisions or continuations thereof, any improvements thereon, all inventions therein disclosed and any patent or patents that may be issued or reissued thereon, all of the foregoing to be held and enjoyed by Assignee as fully and as entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.
2. Without limiting the foregoing, it is understood that the rights of the Patents include all re-issues, disclaimers, and re-examinations of the Patents.
3. Assignor further sells, assigns and transfers to Assignee all of its right, title and interest in and to all claims for damages, accounting of profit and all other legal remedies by reason of any infringement of any of the Patents, with the right to sue and collect the same.
4. Assignor agrees that it will, upon reasonable request, and without further consideration, do such things and execute such further documents as are reasonably necessary to vest title thereto in Assignee, its successors, assigns and legal representatives or nominees.
5. Assignor further agrees that it will, upon request, without further consideration, promptly provide to Assignee all pertinent facts and documents relating to the rights assigned hereunder as may be known and accessible to Assignor and will testify as to the same in any litigation or proceeding relating thereto and will promptly execute and deliver to Assignee, or its legal representatives, any and all papers, instruments and affidavits which may be necessary or desirable to enforce such rights or to carry out the purposes hereof.
6. Assignor agrees to reasonably assist Assignee in the prosecution before the United States Patent and Trademark Office and the Federal Courts of any matters directly relating to the Patents, including renewals, continuations, divisions, reissues, and substitutions (at the sole cost of Assignee), that Assignee elects to make covering the Patents.
7. This assignment and all the terms hereof shall inure to the benefit of and be binding upon the parties hereto and their respective successors, assigns and legal representatives.

Dated: October 16, 2006
