FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are hereby acknowledged, Sensor Dynamics Ltd., an English Company of 3 Abbas Business Centre, Ithen Abbas, Winchester, Hampshire, SO21 1BQ, Company Registration No. 25 14520, (the "Assignor") hereby:

**SELLS, ASSIGNS, AND TRANSFERS** to GeoSensor Corporation, (the "Assignee"), a corporation of Delaware having a place of business at 10500 Westoffice Drive, Suite 210, Houston, Texas, 77042-5326, effective as of December 17, 1997, the entire right, title and interest for the United States and all foreign countries in and to any and all improvements which are disclosed in the patents and pending applications listed in Annex A, such applications and all divisional, continuing, substitute, renewal, reissue and all other applications for patent which have been or shall be filed in the United States and all foreign countries on any of such improvements; all original and reissued patents which have been or shall be issued in the United States and all foreign countries on such improvements; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States;

**AUTHORIZE AND REQUEST** the issuing authority to issue any and all United States and foreign patents granted on such improvements to the Assignee;

**WARRANT AND COVENANT** that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned;

**COVENANT**, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such improvements; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to the undersigned relating to such improvements and the history thereof; and generally do everything possible which the Assignee shall consider desirable for vesting title to such improvements in the Assignee, and for securing, maintaining and enforcing proper patent protection for such improvements;

**TO BE BINDING** on the heirs, assigns, representatives and successors of the Assignor and extend to the successors, assigns and nominees of the Assignee.
