PATENT ASSIGNMENT

This Patent Assignment, dated as of September 30, 2006, is entered into by and among Roediger, Inc. f/k/a Roediger Pittsburgh, Inc., a Delaware corporation, having its principal place of business at P. O. Box 1436, Washington, Pennsylvania (the "**Assignor**") and Roediger, New Jersey, L. L. C., a New Jersey, a limited liability company, having a mailing address of 55 Wester Avenue, Metuchen, New Jersey (the "**Assignee**");

WHEREAS, Assignor and Assignee have entered into that certain Asset Purchase Agreement (the "**APA**"); and

WHEREAS, pursuant to the Order Pursuant to Sections 105, 363 and 365 of the Bankruptcy Code (A) Approving the Terms and Conditions of an Agreement for the Sale of Substantially All Assets of the Debtor and the Assumption and Assignment of Related Executory Construction Contracts, (B) Authorizing the Consummation of the Transactions Contemplated Therein and (C) Granting Related Relief entered by the United States Bankruptcy Court for the District of Delaware on September 14, 2006, Assignor has agreed to assign to Assignee all of its right, title and interest in and to the Seller Intellectual Property (as defined in the APA), including the patents set forth on the attached Schedule A (collectively, the "**Patents**"), and Assignee has agreed to acquire all right, title and interest in the Patents.

NOW, THEREFORE, in consideration of the mutual promises herein contained and other good and valuable consideration, receipt of which is hereby acknowledged, the parties agree as follows:

Assignor hereby sells, assigns and transfers to Assignee, and its successors and assigns, the entire right, title and interest in the Patents, together with any and all reissues, divisionals, continuations, and continuation-in-part applications and any patents issuing thereon, and including, without limitation, the subject matter of all claims which may be obtained therefrom, rights or priority under International Convention for the Protection of Industrial Property, the Inter-American Convention Relating to Patents, Design and Industrial Models, and any other international agreements to which the United States adheres; together with all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action (either in law or in equity) and the right to sue, counterclaims, and recover for any and all legal and equitable claims for past, present or future infringement, damages, or other unauthorized use of the rights assigned to Assignee hereunder.

Assignor agrees to provide cooperation and assistance to, and to execute and deliver at the request and expense of the Assignee, all papers, instruments, and assignments, and to perform any other reasonable acts that the Assignee may require in order to vest in Assignee all rights, title, and interest of Assignor in and to the Patents and to maintain the full value of such rights.
