ASSIGNMENT OF PATENT APPLICATION

Whereas, I, William F. Alpenfels, a citizen of the United States, hereinafter referred to as "Assignor", has invented an invention entitled "ELECTROPHORESIS GEL AND METHOD OF MAKING SAME", for which application for Letters Patent of the United States of America is filed herewith; and

Whereas, PAGEGEL, INC., a corporation organized and existing under the laws of the State of California, hereinafter referred to as "Assignee", whose principal place of business is at 11211 Sorrento Valley Road, Suite A, San Diego, CA 92121, wishes to acquire the full and exclusive right, title and interest in the invention, the application, and any patents and equivalent legal protections that are obtained thereon in the United States and in any foreign countries;

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, its successors and assigns, the full and exclusive right, title and interest in the invention, the application, and any patents and equivalent legal protections that are obtained thereon in the United States and in any foreign countries, including any continuations, divisions, renewals, substitutes, reissues or legal equivalents thereof, for the full term(s) for which the same is granted, including all priority rights under the International Convention.

Assignor, in accordance with this Assignment, hereby authorizes and requests the United States Commissioner for Patents, and officials of foreign countries whose duty it is to issue patents or legal equivalents thereof, to issue any patents obtained on the invention to Assignee, its successors and assigns.

Assignor covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this Assignment.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to this invention and any applications, patents or legal equivalents directed thereto that are known and accessible to Assignor, and that Assignor will testify in any interference or litigation related thereto.

Assignor further covenants that he will promptly execute and deliver to Assignee or its legal representative any documents, instruments or affidavits required to apply for, obtain, maintain, issue and enforce this invention and any applications, patents or legal equivalents directed thereto in the United States or in any foreign country.
