UTILITY PATENT ASSIGNMENT

This assignment by ROBERT W. NELSON of Rowlett, Texas ("Assignor") to
TRISTAR PRODUCTS, INC., a Pennsylvania corporation ("Assignee");

WHEREAS, Assignor has invented a new, original and useful invention entitled
ABDOMINAL EXERCISE MACHINE ("Invention"), United States Patent Application
Serial Number 11/030,420 further identified by Cislo & Thomas' Docket No. 06-17619
("Patent Application");

WHEREAS, Assignor believes himself to be the original, first, and sole
inventor of the Invention disclosed and claimed in said Patent Application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the
entire right, title, and interest in and to said Invention, and said Patent Application, in
the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and
sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and
transfer to Assignee, the entire right, title, and interest in and to said Invention, and
said Patent Application for said Invention in the United States and throughout the
world, including the exclusive right to file any provisional, non-provisional, divisional,
continuation, continuation-in-part, reissue, foreign, or other application based on the
Invention directly in the name of Assignee and to claim any priority rights to which
such applications are entitled under international conventions, treaties, or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Invention, and said Patent Application filed, and any patents granted for said Invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Invention, whether on said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of the entire interest in said Invention.
