TERMINATION AND RELEASE OF SECURITY INTEREST IN PATENTS

TERMINATION AND RELEASE OF SECURITY INTEREST IN PATENTS (the "Termination and Release"), dated January 5, 2007, executed by Sovereign Bank (the "Bank") under that certain Loan and Security Agreement (All Assets) dated as of May 14, 2004 (as amended, supplemented or otherwise modified from time-to-time, the "Loan Agreement", and collectively with all other documents, instruments, notes, and agreements executed in connection with the Loan Agreement, the "Loan Documents") between Tex-Tech Industries, Inc., a Delaware (the "Borrower"), and the Bank.

WHEREAS, the Bank previously entered into a Patent Security Agreement dated as of May 14, 2004, with the Borrower, which was recorded in the United States Patent and Trademark Office on June 9, 2004 at reel/frame no. 015521/0583 (as amended, supplemented or otherwise modified from time-to-time, the "Security Agreement");

WHEREAS, the Security Agreement included a pledge and grant of security interest in and to the Borrower's patents;

WHEREAS, the Borrower is repaying in full all outstanding loans, along with all accrued by unpaid interest then due thereon and all other fees and expenses owed by the Borrower to the Bank under the Loan Documents, and in accordance therewith, the Bank has agreed, among other things, to release its security interest in all patents of the Borrower, including, without limitation, the patents set forth in Exhibit A hereto (the "Released Patents");

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged the Bank and the Borrower hereby agree as follows:

1. The Bank hereby terminates and releases all of its security interest in the Released Patents.
2. The Bank authorizes and requests that the Commissioner of Patents and Trademarks and any other applicable United States government officer record this Termination and Release.
3. This Termination and Release may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single agreement.

IN WITNESS WHEREOF, the Bank has caused this Termination and Release of Security Interest in Patents to be duly executed as a sealed instrument and delivered by its officer thereunto duly authorized as of the date first mentioned above.
