This Patent Agreement ("Agreement") is entered into, effective as of this _____ day of October, 2003 ("Effective Date"), by and among **IPXL, Inc.**, a Virginia Corporation ("IPXL") and **VSA Corporation**, a Delaware Corporation now liquidated and VSA's shareholders **Core Capital Partners, LP**, **MidAtlantic Venture Funds**, and **Sterling Venture Partners** (collectively "**VSA**").

WHEREAS, VSA agrees to assign to IPXL the Patent Rights and IPXL agrees to use reasonable best efforts to mature and monetize the Patent Rights, subject to the terms and conditions set forth herein

WHEREAS, VSA wishes to sell and assign all right, title and interest in and to the Patent Rights to IPXL and IPXL wishes to purchase such right, title and interest, all subject to the terms and conditions set forth herein;

NOW THEREFORE, in consideration of the mutual promises and obligations set forth herein, the parties hereto agree as follows:

1. CERTAIN DEFINITIONS

- 1.1. "Patent Rights" shall mean the inventions and worldwide patent applications (whether filed or unfiled) set forth in Attachment A attached hereto, including without limitation all divisions, continuations and continuations-in-part of the patent applications, all patents issuing from such applications, and all reissues, reexaminations, renewals and extensions of all such applications and/or patents.
- 1.2. "Patent Expenses" shall mean all costs and expenses associated with maturing, maintaining and monetizing the Patent Rights, including all legal fees and expenses, patent filing fees and other fees and expenses; patent prosecution fees and legal fees associated with prosecuting the patent applications; all maintenance and legal fees required to maintain the enforceability of the patent; all costs and expenses associated with monetizing the Patent Rights, including all legal fees and directly related, bona fide actual out-of-pocket parties incurred to third parties in fulfilling the obligations this Agreement; and in the event litigation is necessary to monetize the Patent Rights or to defend the patents or to defend against a declaratory judgment action filed relating to the patents, all legal fees and costs for litigation and enforcement.

- 1.3. "Net Revenue" shall mean all funds resulting from any monetization of the Patents including, but not limited to "any and all license fees, sale proceeds, damage awards or other revenue actually received by IPXL from monetization of the Patent Rights less all Patent Expenses incurred by IPXL in connection with the Patent Rights. 2. Sale and Assignment

VSA hereby assigns to IPXL all right, title and interest in and to the Patent Rights worldwide, free and clear of all liens and encumbrances and all other licensees and shall execute the Assignment Agreement attached hereto as Attachment B.

3. Consideration

5. IPXL Obligations

5.1. IPXL shall use reasonable best efforts to mature, maintain and monetize the Patent Rights including:

In the event a deadline for taking some action is due for the application(s) or patent(s) for which notice is given, the notice shall be given at least 30 days prior to the final due date for such action. Such notice shall be considered a Triggering Event with respect to only those patent application(s) or patent(s) for which notice is given. At that time, all Patent Expenses incurred by IPXL to date shall remain the sole responsibility of IPXL and VSA shall not have to reimburse IPXL for such Patent Expenses and IPXL shall have no further interest in those patent application(s) or patent(s).
