## ASSIGNMENT

This Assignment is made by **LOREN D. MOCK**, a citizen of the United States of America, residing at 1515 Maple Leaf Ct., Baldwin City, KS 66006; and **STEVE GRAMLING**, a citizen of the United States of America, residing at 1509 E. Frontier Lane, Olathe, KS 66062 (collectively, "Assignors").

WHEREAS, we are the joint inventors of a new and original design for a **SECTIONAL OVERHEAD DOOR** (the "Invention"), for which we are making application for Letters Patent of the United States (the "Patent Application") and for which we have executed a Declaration on the 9 day of January, 2007.

WHEREAS, **AMARR COMPANY**, a corporation duly organized and existing under the laws of the State of North Carolina and having a principal place of business at 165 Carriage Court, Winston-Salem, North Carolina 27105 ("Assignee"), desires to acquire the entire right, title and interest in and to the Invention, and the Patent Application, and any and all patents issuing therefrom;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged,

Assignors hereby sell, assign, and transfer to Assignee, its successors and assigns, the entire right, title and interest in and to the Invention, the Patent Application, all United States and foreign patents issuing therefrom, all continuations, continuations-in-part, substitutions, divisions or other patent applications claiming the priority benefit of the Patent Application, and all reissues or reexaminations of patents issuing therefrom. Assignors hereby authorize and empower Assignee to apply for patents or other form of protection for the Invention in its own name, or in the name of Assignee's successor, assignee, or nominee, in all countries where Assignor may desire to file such an application and where said application may be filed by other than the inventor.

Assignors represent and warrant that they are the joint and lawful owners of the entire right, title and interest in and to the Invention and the Patent Application, which are unencumbered, and that they have the lawful authority to sell, transfer and assign and convey the Invention and the Patent Application.

Assignors shall sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid United States or foreign patents for the Invention, or for the reissue or reexamination of the same, but at Assignee's expense.
