ASSIGNMENT

WHEREAS, I, **John C. Hoover**, a citizen of the United States of America, residing at 4921 Spanish Oaks Circle, Amelia Island, Florida 32034, United States of America, have invented certain inventions and improvements disclosed in a provisional patent application entitled "**Ultra Wide Bandwidth Balun**," filed in the United States Patent and Trademark Office on January 24, 2006 and assigned U.S. Provisional Patent Application No. 60/761,347; and in a non-provisional patent application entitled "**Ultra Wide Bandwidth Balun**," filed in the United States Patent and Trademark Office on January 16, 2007 and assigned U.S. Non-Provisional Patent Application No. 11/623,554 (hereinafter collectively referred to as the "Applications"); and

WHEREAS, **EMS Technologies, Inc.**, a corporation of the State of Georgia, having a principal place of business at 660 Engineering Drive, Norcross, Georgia 30092, United States of America, is desirous of acquiring an interest in the same.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which I hereby acknowledge, I, **John C. Hoover**, by these presents do sell, assign, and transfer to **EMS Technologies, Inc.** the full, exclusive, and entire right, title, and interest in and to the Applications, in and to any non-provisionals, divisionals, continuations, reexaminations, and reissues thereof, and in and to all inventions and improvements disclosed and described in the Applications, preparatory to obtaining Letters Patent of the United States therefor; and I hereby request the Director of the U.S. Patent and Trademark Office to issue any and all Letters Patent of the United States resulting from the Applications, or from a non-provisional, division, continuation, reexamination, or reissue thereof, to **EMS Technologies, Inc.** as the assignee, for its interest and for the sole use and benefit of **EMS Technologies, Inc.** and its assigns and legal representatives;

For the same consideration, I by these presents do sell, assign, and transfer to **EMS Technologies, Inc.** the full, exclusive, and entire right, title, and interest in and to any foreign

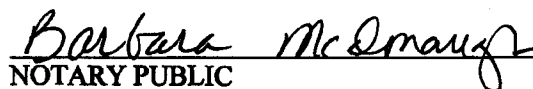

application or applications corresponding to the Applications, in whole or in part, in countries other than the United States, in and to any Letters Patent and similar protective rights granted on said foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said foreign applications under the terms of any applicable conventions, treaties, statutes, or regulations; said foreign applications to be filed and issued in the name of **EMS Technologies, Inc.** or its designee insofar as permitted by applicable law;

AND, for the same consideration, I agree to sign all lawful papers, execute all non-provisional, division, continuation, reexamination, reissue, and other applications, make all assignments and rightful oaths, and generally do everything possible to aid **EMS Technologies, Inc.**, its successors, assigns, and nominees to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.

John C. Hoover

STATE OF GEORGIA

Before me, a Notary Public in and for the state aforesaid, on this 15 day January of, 2007, personally appeared John C. Hoover, who, being duly sworn, signed and acknowledged the foregoing Assignment as his free act and deed.
