(The Assignor, hereinafter referred to as "QUEEN'S")

**AND**                **NEUROCHEM (INTERNATIONAL) LIMITED**, of Ecublens, CH-1015  
Lausanne, Switzerland

(The Assignee, hereinafter referred to as "NEUROCHEM")

**WHEREAS** QUEEN'S was the owner of the entire right, title and interest in and to the patents and patent applications listed on Schedule D, the inventions covered thereby and priority rights claimed therein or corresponding thereto, as of January 31, 2006;

**WHEREAS** QUEEN'S assigned all of its right, title and interest in the patents and patent applications listed on Schedule D to NEUROCHEM on February 1, 2006;

**NOW THEREFORE**, QUEEN'S has agreed to confirm in writing that as of February 1, 2006, all of its rights, title and interest in and to the patents and patent applications listed on Schedule D are vested in the Assignee.

**DEED:** QUEEN'S confirms:

For good and valuable consideration received, the assignment to NEUROCHEM of all rights, title and interest in and to the patents and patent applications listed on Schedule D, the inventions covered thereby, and worldwide priority rights claimed therein or corresponding thereto, including any and all renewals, reissues, continuations, divisionals and prolongations thereof, and including the right to sue for infringement occurring here before and to recover and retain any damages or profits as a result therewith. NEUROCHEM and its successors, assigns and legal representatives are to have, hold, exercise and enjoy said inventions and said assigned patents and patent applications, including any and all Letters Patent and Registrations which may hereafter be granted thereon, and in and to any patent applications claiming priority from the same, in Canada, the United States and all countries throughout the world and all renewals, reissues, continuations, divisions and prolongations thereof and applications with all the rights, powers, privileges and advantages in anywise arising from or appertaining thereto for and during the term or terms of said Letters Patents and any future patent arising from or appertaining thereto, for and during the term or terms of said patents and any future patents issuing from said patent applications including any and all renewals, reissues, continuations, divisions and prolongations thereof for the use and benefit of NEUROCHEM its successors, assigns and legal representatives. The right, title and interest is to be held and enjoyed by NEUROCHEM and NEUROCHEM's successors, assigns and legal representatives as fully and exclusively as it would have been held and enjoyed by QUEEN'S had this assignment not been made, for the full term of any Letters Patents and Registrations which may be granted thereon, or on any division, renewal, continuation, substitution, conversion, reissue, re-examination, prolongation, or extension thereof.
