I:

JAIME MORENO

confirm my obligation to and hereby sell, assign and convey, unto Assignee, its successors
and assigns, except as set forth below, my entire right, title and interest -

(1) in and to an invention entitled "A DRIVE MECHANISM FOR A
RECIPROCATING TOOL" for which I have executed a United States patent application on
even date herewith, said United States application being assigned U.S. Serial No. _____

authorize Assignee to insert the serial number and filing date in the preceding blanks);

(2) in and to said United States patent application, in and to all other patent
applications (including divisional, continuation, continuation-in-part, §111(b) provisional,
§111(a), reissue applications, and international patent applications designating the United
States) based upon said invention, and in and to the patent or patents to be granted thereon,
including reissues thereof, if any, to the full end of the term or terms for which said patent or
patents may be granted; and

(3) in and to all patent applications on said invention now or hereafter filed in
countries foreign to the United States of America, including patent applications filed under
